Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

MAY 14 P3:18

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies. //

COMMENTS:

I certainly do not support
restricting the availability of
individually compounded medications
the government should not have
control over these matters

This is a personal matter between
my doctor and myself!! We must
continually be on guard as regard
to government's ruling

These specialized pharmacies have
given more personal attention to my
health problems and quality of my
life! It is my "American right" to
choose where and how I get medications
I need!
